Welcome to the world of truly unique and customised cake decorations. Allow us to introduce you to 100's of images that can be brought to life as an Edible Image® by your local PhotoCake® stockist.

This is not a one size fits all solution, which is why we think you're going to love it.

Popular occasions are categorised to help you find the right image easily, but we recommend you browse all the catalogue sections just in case...you never know where you might find inspiration!

However! If you can't find the right image here, you can also supply your own photos, graphics or drawings and turn them into a super high quality Edible Image®.

Include a personal message or a greeting to say exactly what you want to say, to exactly who you want to say it to.

Once you've decided on how you want things to look and what you want to say, speak to your local PhotoCake® stockist who will be able to offer a variety of cake options to make your celebration truly special.

Make it special. Make it yours.

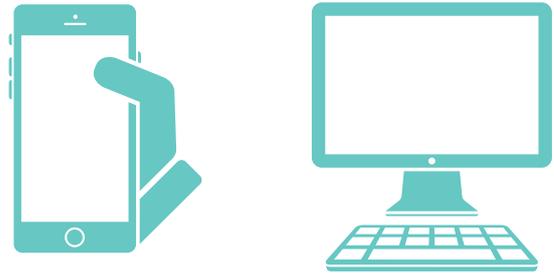

\*This catalogue features officially licensed character images and frames which have been approved for use by the image owners so they can be reproduced as edible decorations without any concern about copyright infringement. You cannot reproduce any other copyrighted materials without the permission of the copyright owner. Examples of copyrighted materials include photographs, designs, images, cartoon characters, logos, greeting cards, television and movie characters, as well as many other materials. Please do not ask your stockist to print an image that you do not own.

\*\*Content is correct at time of print but may be subject to change or availability. We endeavour to keep this catalogue up to date, but we reserve the right to discontinue items at any time. Please check with your stockist to avoid disappointment.

OCTOBER 2020 Edition

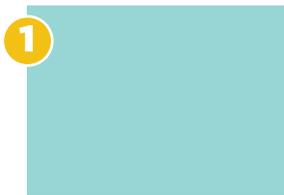

## It's as easy as...

- 1 Browse our huge library of images** including licensed characters and special occasion graphics.

- 2 Choose your images** and decide if you want to personalise with a photo and/or message.

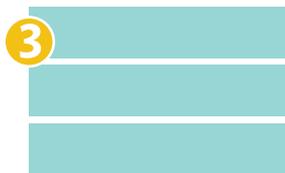

There are three different types of images to choose from.

**1 Image** - Add your personal message.

**2 Frame** - Add your personal message and a photo

**3 Image Strips** - Some designs compliment some of the images and frames available.

Cake above uses Frame PI24902 and Image Strips PI24903 personalised with a photo and a message.

- 3 Talk to your friendly cake maker** to bring your personalised cake decoration to life. They can produce a unique Edible Image® in a matter of minutes.
